REGIONAL ADVISORY
NO. 31, s.2018

TO : **SCHOOLS DIVISION SUPERINTENDENTS**
This Region

FROM :  **BEATRIZ G. TORNO, Ph.D, CESO IV**
Regional Director

SUBJECT : **FREE MOBILE SCREENING CLINIC**

1. Attached herewith is a communication letter from MS. GOLDIE MACALISANG, a Tebow CURE Hospital Field Work Coordinator, announcing the conduct of procedures like clubfoot correction, limb deformity corrective surgeries, scoliosis surgeries, burn contracture releases, and cleft lip and palate surgeries.
2. In this regard, they are inviting us to refer patients' ages 0-18 years old with these kinds of disabilities and deformities for a FREE MOBILE SCREENING CLINIC at San Francisco, Agusan del Sur on April 27, 2018, from 8:00AM to 3:00PM.
3. For more information and guidance please see attached letter.
4. Immediate dissemination of this communication is highly desired.

March 12, 2018

DR. BEATRIZ G. TORNO, CESO IV
REGIONAL DIRECTOR
DEPED CARAGA REGION

Dear Madam:

Greetings in the name of our Lord Jesus Christ!

As the first pediatric orthopedic charity hospital in the Philippines and Southeast Asia, **CURE Philippines** seeks to reach out beyond Davao City, where the **Tebow CURE Hospital** is based. We perform procedures like **clubfoot correction, limb deformity corrective surgeries, scoliosis surgeries, burn contracture releases, etc.** We also have plastic surgeons who perform **cleft lip and palate surgeries**. The Tebow CURE Hospital has been in operation for over two years, having performed over 1,000 subsidized surgeries for children with disabilities.

In this regard, we would like to invite you to refer patients—ages **0 to 18** years old with these kinds of disabilities and deformities—for a **FREE MOBILE SCREENING CLINIC** at San Francisco Agusan Del Sur which will be on **APRIL 27, 2018**, a Friday, from **8:00AM to 3:00PM**. We hope that you could partner with us, especially the Division and District Nurses and School Clinic in-charge together with the School Principals and SPED Coordinators, in the identification of these patients who might be enrolled in your schools, strongly encouraging them to seek medical care.

Attached to this letter are photos for guidance for the kind of cases we would want to see during the clinic. May God continue to empower you and your work for the community. Thank you so very much.

Sincerely yours,

Ms. Goldie Macalisang

Tebow CURE Hospital Field Work Coordinator
