- The impact of this learning as DepEd employee, it made me vigilant and accountable in my designation as School Clinic Teacher.
- It's a big help to us clinic in charge to apply all these information we have heard from these training to work effectively in the field.

- My learning impact in my work as DepEd employee I will determine and keep records of a certain health related records about all students including growth, vision, testing and hearing.
- This training helps me as a clinic teacher to function better and know my responsibilities in this particular field.
- Basic management to common health problems is very essential to promote health.
- It gives us knowledge on how are we going to help our pupils and co teachers during emergency cases.
- It will greatly help the First Aid skills. It can be applied in the home, the workplace or in public locations.
- My learning impact to my work as DepEd employee because I can apply this what I learned not only to the DepEd family but also to the people who needs my help.
- It will help us Clinic Teachers to ensure and be conscious of the safety of the school for the betterment of the learners.
- As a DepEd employee, this learning is a great help especially that I am the school clinic coordinator. In times of emergency I will be able to help those that need first aid response.
- Committed as a teacher at the same time committed as a clinic teacher to help the children in the school in the absence of the parents.
- My learning in this training will give a good service to the students & to the teachers as will.
- It improves my quality as a teacher and gain more knowledge to be more effective DepEd employee.
- As a DepEd employee, the learning I gain from this webinar is to give a high impact as a teacher for us to perform the duty in a certain school.
- It has the potential to expand my knowledge and assist me in my work.
- It will be a great help for me to manage any circumstances in school that needs first aid.
- I will continue to study about this so, that I can apply it on my students. As an adviser, I should know basic first aid and common management on emergencies.
- I can share my knowledge and extend my assistance to my colleagues and learners in terms of first aid and some common medical emergencies.
- It really has a big impact for me especially as a clinic teacher because these are the basic and essential needs/information to be apply by the clinic teacher in every school.
- This training give me/add more knowledge in giving first aid to anybody need medical assistance.
- It enlightens me to apply these new learnings about first aid in any circumstances and helps me to learn on when and how to apply it.
- Aside of using my personal experiences on first aid, and knowledge from our school nurses, specifically I learnt the terms used and additional knowledge in giving first aid techniques, like being calm all the time, to give an effective first aid.
- I can apply what I have learned in the session every time we have emergencies at home or at school.
- This is a great impact in my work as teacher since there are unexpected accidents in school that might happen that I as teacher/ school nurse can do/apply first aid procedures.
- As a DepEd employee handling couple of people around specially pupils we should know about the health of every individual.
- As a clinic teachers, we will apply for those who are in needs or injured pupil as part of our work.
- As a teacher it's a big impact for me especially I'm dealing grade one pupils, I'm confident enough to face some common emergencies in school because of this training.
- It can give an additional technique on how to deal with my learners when they were in trouble so it means added learning that I have in this session as a teacher.
- I'll make use the knowledge and skills I've learned in this training and apply it in my daily life as well as in the field of teaching.

- It is very useful for me as a teacher this kind of webinar so that I can help pupils to get a proper first aid. Because without an initial medical assistance, a mild injury might turn to serious one.
- As a DepEd employee which handling learners it is really a big help for us on how to manage about the health and safety of our learners.
- Learning impact in my work as DepEd employee I want to share my knowledge to young learners.
- It can really help because we really don't know what happen. So as a teacher I can easily treat a students or even my co teacher even though a basic but it helps to ease a pain or in danger.
- The learning impact of my work as DepEd employee is it because we are aware the basic first aid to give to our learner's.
- It will make me more effective in my work as a teacher in DepEd and also as an individual.
- Ensuring the health and safety of our learners is one of the main responsibilities of us teachers because as much as we want them to learn we also give priority on their health and safety.
- It really brings a greater impact as an employee in DepEd to ensure the safety and health of the learners and to all the people that surrounds in the vicinity.
- It is additional information or ideas that I can use in case it happened in our school, the ideas that I Learned from this seminar I will share it to our co-educators.
- The learning impact for me AS DepEd employee is, as teacher we should know even basic first aid for our children/pupils, and to our stakeholders also to our co-teacher.
- It gives me additional knowledge that can be used in field or even outside the school.
- It has a significant impact on health concern of every learner and staff as well in the since that as we go with our routinely task as teacher, once an accident happen to either learner or teachers, activities will be affected and might cause delay and further big problem.
- This would helped assist our school nurse in doing the task in times of her absence.
- As a teacher. It is important also for us to have a learning on how to apply first aid in case of emergency in our classrooms
- By knowing the school health form i can easily know what is the history of illness, treatment given before of every student in our school for easy application of new intervention to him/her.
- It has a big impact because I'm sure in the DepEd family only few knows the correct technique on Hands on CPR.
- It has a great impact especially in this pandemic since we are catering people in the community.

Comments and Suggestions:

- All the facilitators done their job well but only the internet connection was not good. Have a fast internet connection next time. Congratulations and thank you for the new learnings.
- As a whole this webinar training of clinic teachers is very useful especially when the time comes for the face to face class wherein we will apply the learnings and insights from this online training, congratulations to all speakers for the knowledge you imparted to the participants, God bless and keep safe everyone.
- Even though there is technical error but still the facilitators handle it well good job.
- Everything is good, impressive and well done. Only power interruption and internet connectivity causes some technical problem in our place.
- Excellent in overall rating. Thank you for this very informative webinars and looking forward for more.
- Hoping that the link is accessible to the user .but the presentation is very god but the signal is the problem. God bless and more power to the team.
- I considered disagree on internet accessibility on my part due to bad weather in our place that day. From the beginning was very good, stable internet but later on the weather was bad.

- I learned a lot in terms of first aid... I hope next time work on the internet connection. Thanks a lot and God bless.
- I really learned a lot about this webinar. Thank you for sharing your knowledge and expertise to us.
- Indeed the webinar is very informative however due to our poor signal there were some points that we were not able to get.
- Internet connection is very important. Pls send the participants the recorded copy of the training to review.
- It has some issues, but all in all, they manage to fix it.
- It would have been better if the activity was conducted with good internet connectivity.
- Looking forward for another orientations like this, as a new assigned clinic teacher. Thank you so much to all of you.
- More trainings on First aid and basic management of common medical emergencies in school.
- More trainings to come for our additional information to work as clinic in charge so that we can give a good service to our clients.
- None. Thank you very much for the expertise shared. Thank you for the facilitators for the kind response and for the patience in attending to the participants queries.
- One thing I could suggest the moderator automatically mute the participant's microphone.
- Poor internet connection in our area. Please consider our poor internet connection if we are not able to answer the pre and post-test correctly because it's not clear... CHappy KAAYO. PILIT PILIT...
- Prepare recordings of presentation beforehand to avoid delay.
- Simulation is needed in the future if face to face will soon be allowed.
- Thank u for imparting ur expertise to us. It is really a relevant training, it may be more effective in face to face since we- the participants need hands on activities.
- Thank you and I hope another webinar related to health will be facilitated.
- Thank you for giving us very important /useful topic that is very relevant to our work.
- Thank you for imparting us your knowledge that can we use in our respective work station.
- Thank you for this informative training, it will help us a lot in fulfilling our duty as clinic teachers in our respective schools.
- Thank you for this online training which is very important especially in this time of pandemic. Looking forward for more webinars like this. Let us all stay come in order to save lives. God bless!
- Thank you po. The trainings is well delivered and the speakers are knowledgeable enough. More power!
- The training was well organized and the speakers were knowledgeable enough for their chosen topic. However, I was not satisfied the way the moderator or any assigned person address my concern regarding my access to pre and post-test in which it reflects on my screen "YOU NEED PERMISSION".
- The webinar is educational and well-informative. I would suggest that there be will another webinar next time.
- To the facilitators' thank you for sharing your expertise to us. God bless and stay safe always.
- Topics are interesting and additional information as school clinic teacher.
- Very helpful to the clinic teachers and schools who are recipients of the new clinic hub!
- Well prepared even the internet connectivity sometimes fluctuates the connection.

Top three (3) responses based on participant feedback in Program Evaluation for all training venues and batches:

- The objective were achieved but there are areas of the topic that I was not clearly understand due to the internet connection.
- The whole duration of every sessions provides useful inputs.
- I thank the CARAGA Region for giving us the chance to participate in this webinar. I hope that I could use this for my growth as a teacher in this field.

What is your most significant learning from the webinar?

- All of it from the overview of the travelogue to preparing the detailed lesson plan. It is very helpful and also exciting especially if you are a first timer in this kind of topic.
- How to write a travelogue in connection to the lesson plan that we are going to present to our learners to make them love Araling Panlipunan subject.
- The most significant learning I've learned is about the importance of local history to the making of the national history. They should go hand in hand.
- Have the most significant learning's for the day, like learning how the process on how to write the local history and how speakers presented the history of CARAGA, importance of writing local history from the perspective of the common tao to deepen our sense of nationalism and patriotism.

- It is about crafting DLP and making travelogue.
- The most significant learning I have from the webinar is that I've learned the value of local history in promoting our identity as a community and as a nation.
- One of the best way to teach students not to be bored is to present them a travelogue.
- I learned about some background information regarding Balik Kasaysayan topic and the format in writing DLP.
- Learning of Travelogue as one of journalistic approach and applied into a learning pedagogy.
- I learned some inputs in writing travelogue and some information also in writing detailed lesson plans in Araling Panlipunan.
- The most significant learning is on how to make detailed lesson plan, and the amazing places that found in Caraga.
- The most significant learning from the webinar is that as teacher of Aral Pan must localize some issues from the history and conceptualize it so that student would be able to understand and familiarize easily the facts.
- That local history makes the national history it is significant to trace the roots and pass it to the next generation.
- That teaching AP is not a boring subject to teach if we, AP Teachers enthusiasts only know the appropriate strats and techniques to facilitate the lesson. Thus, having this "Travelogue Making" will add up to the colorful way of teaching of this subject. This is also one way of patronizing our local tourist spots to make the learners familiar in every detail of the "Kasaysayan.
- Knowing and crafting Local history and making the proper format of DLP.
- The most significant learning that I have gained this webinar is that as an Araling Panlipunan teacher we can integrate our lessons from MELC's to our local culture, festival, food, heroes, tradition, natural heritage of our locality so that learners should understand and connect the topics.
- Learning about travelogue in teaching learning process
- I've learned the importance of patronizing our own community and the importance of writing local history.
- My most significant learning is how important to check first the background history of a certain place before writing any ideas about it in order to have a nice and reliable results write up.
- The significance of integrating local history in our class.
- The importance of local history in the effective teaching learning process through drafting an instructional material which is the travelogue.
- Crafting a good travelogue requires a lot of standards to achieve a good and effective output to be utilize by the students. Further, each schools must have a LAC plan that will effectively cascade the needed information to spread the gained learning's and skills.
- How to create travelogue and its importance? How to conduct LAC session?
- From the topic of Ms. Jerisse, I learned to be creative in creating a travelogue.
- the most significant learning I gained is on how to make your travelogue interesting, captivating and at the same time informative.
- Naka learn po ako kung paano e challenge ang sarili na maging isang creative na Aral Pan teacher someday katulad ng mga Resource Speakers on this session.
- The most significant learning from the webinar today is that we can hustle, enjoy and learn at the same time developing learning resource such as travelogue. Focus on the result and benefits and enjoy the process.
- My most significant learning from the webinar is that the important thing on how to capture pictures, the angles and the important thing that needs to capture based on the theme for the travelogue.

- I have learned the different types of travelogue, the features of travelogue and how to conduct LAC.
- My most important takeaway for today is when the facilitator thoroughly discusses and elaborates on how to create a travelogue and how to take nice photographs that will entice the reader.
- I learned the importance of patronizing our own local tourist spots or attractions through writing our own local history and some of the process or steps of making travelogue.
- I learned that introducing travelogue to our learners can motivate them to appreciate the beauty of their own places.
- Travelogue is one of the supplementary learning resources with some interesting history and a dash of humor. It travels opinions and makes a significant contribution to the level of learning support offered by the learning environment.

How will your learning impact your work as DepEd employee?

- As a school head, we need to craft the LAC plan from the solicited ideas from the colleagues in our school, it's a matter of planning base from the needs of the teachers.
- Implementation of School LAC sessions requires a careful planning from crafting to implementation.
- It will be achieved the objectives of our department.
- It will help me to be a productive teacher.
- It would help a lot in making localize materials in teaching.
- Malaki po ang learning impact sa trabaho bilang isang guro kung saan ito'y nagbibigay pag-asa na hindi pa huli ang labat na mahanapan ng maraming paraan kung maano maging interesting ang subject na Aral Pan at di maging boring subject.
- As an employee, this training will help me develop quality learning resources for Araling Panlipunan.
- It could be a big help to our learners to know the different spots in the community they belong even before they went there or see it personally.
- This greatly helps on giving me additional knowledge and inputs to improve better on my teaching and delivering learning's to my pupils even on this pandemic.
- The making of travelogue will help me in the delivery of my lesson. I can utilize this as my springboard, in this way, I can link my lesson with other learning areas.
- This is very interesting, but I hope I can always have luxurious time for the preparations of the materials needed.
- This will enhance my skills and techniques in teaching my learners.
- Give your readers/learners a sense of what it is like to be there. Transport reader/learner to that specific time and place.
- It is a great learning that can be used as learning material to our learners.
- It will boost my confidence especially that I am new to it, having ideas how to make it is such a big help to me.
- It got to the point where I understood that my travelogue was a tremendous help in conveying the wonders of our region, not just the scenery, but also the concrete things we'd seen. It also applies to our students' learning.
- It helps me a lot to know about the historical and cultural background of in certain community's.
- It can gives a great for me and additional knowledge specially in crafting the travelogue through local history.
- This will help to develop my growth as a teacher professional.
- It has a big impact because through the years I have been to numerous training's but this one is different, it awakened my love for Philippine history.

Recommendations and Suggestions:

- There should be IT expert to assist each speaker. Though lagging of internet connection is unavoidable but still, an IT should be assigned to check every now and then.
- A bouquet of roses for all the resource speaker. A very fruitful day.
- Technical glitches like loss of audio in the fb live somehow disrupt our listening. But overall the webinar today was impressive.
- Thank you for the excellent, clear and clinically oriented presentation.
- At first, the audio was bad in FB live. It can't be heard. But overall, it was good and awesome. Another input to learned.
- Our internet connectivity is our problem during the session.
- More ice breakers or interactive activities before or after the session. I apologized for my previous response. I did not see clearly that I've ticked the wrong choice instead of strongly agree. I clicked the strongly disagree.
- Have good internet connectivity to ensure smoothness of the presentation.
- Thank very much for the new information that I learned from this webinar workshop.
- Thank you and congratulations for a very insightful discussion.
- I appreciate the use FB live platform since allows participants with low internet connection to participate in this webinar.
- Thank you so much, I gain learning from this on line training.
- All the topics were discussed and delivered, only the unstable Internet connection was the problem.
- Hoping next webinar all of us can joined in the google meet.

DEPEDRO13-F-QAD-052/R3/4-21-2021

- I realized that we need to track our plans, do them, and celebrate to all successes and revisit the unsuccessful ones.
- I was able to benchmark on the reports of my groupmates.
- Very significant and the topics was clearly presented
- Learning the best practices from other divisions
- sharing of feedbacks, practices as to curriculum implementation
- Gain knowledge and ideas about our specific task in our respective area.
- Updates on consolidated region report
- On LR quality assurance
- BE-LCP updates
- The sharing of best practices.
- Focus on the 3 dimensions of BE-LCP, its challenges and issues
- Issues and gaps could be addressed if we work on the solution together
- Challenges are inevitable but when they are addressed properly success in the implementation of any program for as long as it is carefully planned can still be achieved
- The Different updated given to us
- Action Planning is very essential in today's new normal.
- My most significant learning for the day is the intervention used for each CIGP raised.
- The convergence is a good avenue and opportunity of education leaders to collaboratively plan and design appropriate actions and interventions to address the issues and challenges related to Curriculum and Instruction.
- There is so much we need to solve, particularly those related to the LCP's implementation in the new normal circumstances.
- the development of action plan in MAPEH for 2022
- action plan for future implementation to improve delivery of learning
- Recommendations / technical assistance provided by the RO to improve the gaps/ problems encountered by the different SDOs
- Sharing of Best Practices from other SDO.
- CLMD-CID convergence is an avenue to benchmark best practices in every division.

Comments and Suggestions:

- Very commendable! Keep it up!
- How can we give our 100% attention and time to this activity when we are doing equally important tasks? It is my prayer that we all will be able to survive this pandemic victoriously.
- Continue a regular meeting like this.
- Need more time in making the action plan.
- All things work harmoniously.
- Outputs shall be informed in advanced to have enough preparation.
- Splendid conduct of the activity. Congrats!
- Very Commendable!
- We cannot control net connectivity of participants, what we wish is an onsite convergence.
- Congrats po! Thank you for the learnings.
- Congratulations to the PMT.
- We love to have face to face.
- None so far. Congratulations to the management team.
- Meeting is excellent.
- The meeting's proceedings are outstanding.
- Thank you for giving us the opportunity to benchmark from our fellows in other divisions.
- Continue the monitoring and evaluation of the implementation.
- Continue the conduct of this convergence.
- Continue this CLMD - CID convergence as a way of connecting CLMD and CID in the SDO.
- Give us all the soft copies of presentation of different presenters and speakers.

- Very good and very timely of having convergence every quarter.
- The challenge is always the internet connectivity in our office.

- Overall delivery of the topic was interesting, engaging and has involved us participants effectively.
- The overall conduct of the sessions were effective and the facilitators and speakers have delivered well the topics.

What is your most significant learning from the webinar?

- A leader must inspire and give positive changes in those who follow him.
- As public servant we are accountable of what we do.
- Be careful and responsible in managing something entrusted to your care.
- Being a public servant is a not a privilege but a responsibility that only a few were given. Public service is not a simple dole-out but a holistic approach to service excellence.
- Being accountable and a good steward public servant.
- How home life affects work performance, and the importance of Accountability.
- How to serve with excellence.
- I was able to understand what is a good steward means, Marriage is sacred because it's the holy word of God and he made it clear that marriage is supposed to be holy and should be treated with respect and as a public servant there are laws governing the responsibility to hold, use or dispose of resources not belonging to him, we must be held fully answerable to the owner of the resources for what we do with them.

- In delivering public service it must be guided not only by the laws of man but also be guided by the laws of God. To act and render service for the common good, with a sense of responsibility, professionalism and integrity.
- It is about RA 7877- ANTI HARASSMENT ACT.
- It is important for a public servant to know as much laws as one should in order to properly provide quality customer service regardless of rank or position in the office.
- It is important to have webinars like this that strengthen not only ourselves but also the way we handle our workplace.
- Public Accountability and values enhancement.
- Respect for self and honor others, spiritually, love of God.
- Respect for self and love for others.
- Sanctity of marriage.
- SELFLESS LOVE in the service of the people.
- Selfless love is a need, a uniting agent, and the foundation of our values.
- Selfless love the agape kind of love.
- Serve with utmost love for country.
- Spirituality strengthening is a source of motivation to work with integrity, honesty and quality service.
- The importance of having a good relationship with others and of being committed.
- Too many to mention.
- Values helps us grow and develop. We need to strengthen our values as public servant.
- Valuing workplace.
- We cannot give what we do not have.
- Work Ethic is as important as the knowledge and work expertise you have.
- Work Ethics and Excellence Service.
- Work with sincerity and utmost dedication to deliver quality service.

How will your learning impact your work as DepEd employee? (Participants' responses)

- Apply them.
- As government employee, we are governed by laws to abide and follow.
- At all times whatever I'll be doing in the office I am always accountable to the people so I should uphold trustfulness to whatever I do. That to live noble and honest is more satisfying that living in extravagant.
- Be a better employee.

- The outputs are so amazing. It is very pleasing to the eyes. Pwede pong maging blogger/vlogger. I am really grateful because I am given the opportunity to join this kind of webinar. It really incultated the patriotism in me. Huwag maging Dayuhan sa sariling bayan.
- To the administrator and facilitators of these webinar my salute to you all.
- Overall the webinar is a success however, we joining the fb live experience interruption so if I may suggests next time it would be better if we could use a platform were all could join not just in fb for better interaction. Thanks and god bless AP team.

What is your most significant learning from the webinar?

- A storyboard is a visual picture that conveys a story in a logical order and must contain key elements to be effective.
- Ang pagiging matiyaga sa pakikinig ng lahat ng diskusyon mula sa mga speakers ay naidudulot ng maraming kaalaman at impormasyon.
- Benchmark from the outputs presented in enhancing my own output.
- Guidelines in copyright should be considered in taking photos and other important data.
- Having a deeper understanding on the importance of the travelogue.
- How to conceptualize a story board from the travelogue as well how to develop self-learning module following the standard in writing.
- How to craft a travelogue that would attract the attention of the learners.
- How to draft a storyboard and base on the presented travelogue from different division I gained a lot of ideas in crafting a good travelogue.
- I have learned how to create storyline and the value of travelogue in enriching my lessons.
- I learn about the background in drafting of storyboard. The output travelogue are very nice.
- I learned about storyboarding and the necessary things in writing a module.
- I learned additional information or knowledge about making travelogue.
- I learned and benchmark the different design and styles of travelogue and DLP.
- I learned that through the use of developed travelogue and story board, meaningful learning takes place as it also contextualized.
- I observed different kinds of travelogue and these are so beautiful. I like it.
- I really appreciated the beauty of having this kind of training. We have seen the work of the writers and how well they were able to create beautiful culture based travelogues.
- I think the importance of aligning or contextualizing your lesson plans.
- I've learned about the making of storyboard and the outputs of every division in their travelogue and DLP.
- I learned that in writing the DLP content and objectives should be aligned to the MELCS.
- It is about the different presentation of the different division of their DLP and travelogue.
- It was a productive webinar and we learn to love more our subject area and through this webinar we grow and develop as an educator.
- It's about SLM drafting and its parts, familiarization on the icons used for Elem & Sec SLM.
- I've learned about some significant cultural heritage in some provinces or cities and the output of LAC sessions.
- I've learned different style in making travelogue, storyboard and also LAC PLAN.
- Knowing the different places and sceneries in CARAGA based on the travelogue presented.
- Knowing your roots will help you understand, appreciate and preserve your natural resources.
- Making a storyboard involves a careful planning and should follow the guidelines and also should match with the travelogue. The module writing also will match with the DLP and utilizes also the travelogue as its storyboard. ADM LR Standard should be followed in writing.

- Making of story board and modules or self-learning modules is not that easy to make it has many things to consider and needs a lot of effort as a learning tool in our learners. It has an advantage though because it motivates learner to be guided and to contextualize the topic.
- Making travelogue, daily lesson plan must be consistent and follow standard format.
- My most significant learning in this webinar is the amazing resource persons and the presenter of the different travelogue and LAC that makes me feel excited.
- My most significant learning is on how to make modules out from the lesson plan and travelogue.
- My most significant learning is on the ways and styles of making storyboard and travelogue.
- My most significant learning on the webinar is on what are the do's and don'ts in making a travelogue and the crafting of LAC.
- My most significant learning today is the presentation of outputs because I learned that what I have made needs enhancements.
- My significant learning from the webinar is how to use different topics with the aid of a travelogue.
- My significant learning is that we need to be creative and innovative in making travelogues.
- Natutunan kong maging magfocus sa mga gawain na naka assign para sa ikakabuti at ikaka improve sa lahat.
- The best learning is through experience. So by this, we will expose our school children to what cultural heritage available in our place through the use of travelogue as one of our best learning materials.
- The localization of learning materials such as travelogue is an innovation which will really have big impact in teaching and learning process in AP.
- The most significant I learned this day is that I learned a lot of things on how to present a travelogue.
- The most significant learning from this webinar is the making of Story Board.
- The most significant learning I've learned for today's webinar is that our region Caraga is very rich in culture, tourist attractions and many more.
- There must be always an alignment of every learning materials from travelogue to lesson plan and to the drafting of storyboard and modules.
- This webinar give us a refreshments on how rich our own culture here in our region.
- Today's activity is significant. I've learned something new through the different travelogue being presented.
- Travelogue is best learning materials to be used during discussion because it motivates learner.
- Use of travelogue as teaching aid will help teaching in catching the interest of the learners in AP subjects.

How will your learning impact your work as DepEd employee?

- A very crucial impact because we are having the division cascading on this training.
- As a classroom teacher teaching Aral Pan, using travelogue is the best way to captivate the interest of the learner towards the lesson.
- As a DepEd Employee the learnings from the sessions will capacitate more the teachers in the development of additional instructional materials to attain effective teaching and quality learning of the students.
- As a teacher, it will help me to my teaching because using storyboard will help a lot to impart learning.
- Be the first person to show the interest expected from you so that the teachers will follow you through the influence you radiated.
- Being equip in all aspect especially in teaching Aral Pan.
- By sharing what I have learned today to my colleagues, it should also help them enriched their teaching methods and strategies.
- I am inspired because I am now again challenged to develop this new special skills in me. I know that the output from this webinar will be very helpful to me as I deliver my lessons to the learners.
- I have now more ideas on how to develop travelogue that is more attractive to the learners.
- I will be able to cascade my learnings to other teachers and in turn we will have a rich storage of materials to be used in classroom teaching.
- It gives a great impact for me because it helps me to better understand the concepts of incorporating the travelogue in delivering our lessons.
- It gives you more confident in teaching and of giving feedback for the improvement of the students.
- It has a great impact on my part as teacher because i could make the lesson on its simpler form.
- It is how to integrate the travelogue to the lesson plan and through this we can promote our own tourism to the pupils and that they can promote this to others.
- It made me realize that Araling Panlipunan has a lot more intriguing information and learning chances. As a teacher, I will share these insights with my colleagues so that they can implement them in our classroom as well.
- It really had a great impact in my work because integrating such travelogue in lesson plan is not just to motivate learners but to challenge and inspire learners to learn more about the topic.
- It will help develop skills in planning and implementing activities relevant in teaching-learning process.
- It will help me to become a better educator and to love and explore the beauty of our culture on the travelogue that we accomplished that will be shared not only to our school but also to our community.
- My learning from this webinar would be very helpful for me and I can share it with my colleagues particularly on making travelogue.
- My learning today would help me a lot in drafting these learning materials and share my knowledge on this to my colleagues.
- My lessons in AP and even in other subjects will be integrated into contextualized learning materials.
- Nakatutulong upang maging isang masigasig na guro at magampanan ang mga tungkulin bilang isang DepEd employee.
- New learning shared by the facilitator which will be applied in my teaching career.
- Rest assured that the new technique in teaching especially using travelogue will be apply in my way of teaching in Aral Pan.
- Share the learning to workmates so that they can also impart better knowledge to the learners.

- Teachers must apply and embrace the new strategies in teaching Araling Panlipunan.
- The crafting of LAC will help me on how manage the entire duration of the LAC.
- This gives me an idea to also share this to my learners by starting making my own story board or as well if time favours me.
- This inspires me to be more proud on our own cultural heritages that can be found in our municipality and this will help a lot in making our own travelogue. And also I will share this to my colleagues during the cascading in our District.
- This learning would be of great help to me especially on how to make teaching and learning more fun and engaging.
- This new learning will help me teach Aral Pan more creative and strategic at the same time promote learning of the local history.
- This will help in improving my teaching and giving quality learning to our learners
- This will help me teaching my learners through the use of different learning materials like travelogues.
- This will really improve my capacity to teach and facilitate teaching learning process
- Though it is hard for us especially to the elementary pupils, but we try our best to input this to our pupils during f2f classes.
- Through this webinar we can make our own Learning materials that can be use by our pupils in the field, and also they will be enlightened and proud of their own history.
- Thru mg gain learning, i can impart it to my pupils in which cultural and historical heritage is worth to be know and love.
- To improve the quality of my work, and it will continue to increase creativity in teaching and learning.

Recommendations and Suggestions:

- Congratulations and God bless.
- Congratulations! It equipped me in terms of learning materials for the learners not only in Aral Pan but might as well can be used to other subjects.
- FB live was lag because of unstable internet connection.
- I arrived with limited experience, i leave with a lots of ideas. Thank you, KUDOS & good luck with the continuation of the project.
- I hope the copy of the recording of the training will be made available since I am attending via FB Live and the signal really is slow.
- I want another phases of AP training.
- I was able to fully understand the storyboard making.
- I' am grateful as one of the participants of this webinar because I learned how to craft travelogue in teaching Araling Panlipunan so interesting.
- Job well done, congrats to our facilitators.
- May you continue giving trainings to the teachers that will enhance their craft.
- Most of the outputs presented were interesting, colourful and attractive. However, I guess it has to be made clear to the participants the difference between a news feature article and a travelogue before starting the workshop proper because most of the outputs presented were like tourism brochure and were not a travel log which is supposed to be one's diary of personal experience with what is being featured. Thank you for this workshop! This is very helpful in motivating our students and in changing the way they perceive Araling Panlipunan as a boring subject. God bless!

- Overall the webinar is a success however, we joining the fb live experience interruption so if I may suggests next time it would be better if we could use a platform were all could join not just in fb for better interaction. Thanks and god bless AP team.
- Teacher writer do their best to come up with an output based on the standards presented by the speakers. Thank you for having us with this webinar.
- Thank u for this 4 day webinar...Additional inputs and knowledge on making contextualized travelogue and DLP.
- Thank you for the opportunity and learnings imparted to us. Indeed! Very comprehensive and informative ideas instilled in us.
- Thank you so much to all the speakers, AP focal persons and most especially to ma'am Chonie for this very informative and comprehensive webinar.
- Thank you the program management team for conducting another significant engagement of teachers to curriculum development. May I suggest that the admin of the webinar can automatically mute the participants once they can join already to avoid unnecessary interruptions
- Thank you very much for letting us experience this webinar. We hope to craft lots of travelogues very soon.
- Thank you very much for this kind of opportunity God bless.
- Thanks for this chance in attending such comprehensive seminar.
- The outputs are so amazing...It is very pleasing to the eyes. Pwede pong maging blogger/vlogger. I am really grateful because I am given the opportunity to join this kind of webinar. It really inculcated the patriotism in me. Huwag maging Dayuhan sa sariling bayan.
- The reception of the fb live was unstable especially during the morning session. I did grasp a little of what has been discussed. I hope I can view the live again without the disruptions.
- This training really helped the teacher grow professionally and improve the learnings to become an effective AP teacher in the field.

- Improve my capability to better deliver the topic utilizing different online platform
- In this webinar, I've learned a lot more about the features zoom, Microsoft Teams, Stream Yard and Google Drive. As an educator myself, I become wiser about the different platforms we can use in delivering education even with a little resource. This webinar empowers educators on how to cope with the new normal setting of education. Attending different webinars is truly helps me to become more updated with the different trends of education.
- In using google meet it is very important to use this application so that you can conduct online teaching
- It give me more ideas on how to improve my teaching through online learning with pupils
- It gives me an additional knowledge how to use google meet to my teaching through online learning.
- It is really needed for us in the DepEd to learn specially now a days
- It is very important for me to monitor my students attendance and grades
- It is very useful to us because we can apply it in presenting some topics during webinar.
- It provides interactive activity to students because of the exposure of the online interactive tools which is the emerging trend especially in this time of pandemic.
- It will enhance my teaching especially in this pandemic time where face-to-face is not advise.
- It will improve me as a teacher when it comes of online classes, to make my learners cooperate and work together as a team.
- Kahoot! Is a game-based learning platform that brings engagement and fun to 1+ billion players every year at school, so it is very important to all learners today?
- Teacher have a very significant, lifelong impact on all of their learners. This impact involves not only the teaching of particular academic skills, but as importantly, the furthering of learners self-esteem in the classroom is associated with increased motivation and learning.
- The most significant learning for the day is to differentiate, and explore the different online conferencing, and utilizing Google drive and Google forms.

- The most significant learning I learned in this webinar were the uses of Microsoft teams, zoom, stream yard as well as google drive and its other features.
- The most significant that I have learned is about different technology through different apps.
- This knowledge will help me to supplement my strategy in teaching ALIVE using online platform.
- This learning shall be enhanced through practice in engaging with Asatiz and other program key implementers.
- This play an important role in delivering education towards our learners
- This will be employed to coordinate and communicate with MEP and other PAPs key implementers for some issues and concerns and monitoring as well.
- This will help us to supplement aw strategy on teaching ALIVE subjects.

Recommendations and Suggestions:

- My case my internet connection run out of time because of kahoot.
- Another training for technology I
- ALIVE teachers should adopt the new ways of teaching especially amid this pandemic
- The training is very timely in this time of pandemic
- Good topics for teacher professional development.
- Another wonderful learning of the day. Thank you Training Team. Congratulations!
- I hope face to face next time so we can relax our mind and eyes from radiation.
- Congratulations to speakers they are all expert with their topic hope you teach us more it is interesting to learn again my salute to all of you .
- Sana kung magkakaroon ulit tayo ng ganito webinar ay mayroon g kagamitan ang lhat ng alive teacher gaya ng computer para mman lhat ay makaparticipate ng maayos kasi kung phone lng ang gamit ay hindi talaga kaya ang kaya ng computer ang gamit. Salamat sa lhat
- The session today was very informative, we had learned a lot. Thank you.
- Alhamdulillah for the new collaboration tool you introduced to us.
- Malakas n ang signal para di mahirapan ang mga mag aaral
- Yes the internet connectivity of the host was fast. Unfortunately my internet connection was out of data because of the kahoot.
- Thanks for the knowledge you share in this webinar

What is your most significant learning from the webinar?

- All about our spiritual growth
- Crisis are just a form of unexpected test, failure or not we will gain experience
- Critical step in personal, organizational, and transformational leadership.
- Despite of the many challenges we still have to anchor our faith in God & develop the attitude of being grateful of what he has done and still be doing in our lives.
- Enhanced capacity to overcome the challenges of life.
- Every struggle has a purpose. His plans are always better than ours.
- It's when we are broken that we become more capable of offering ourselves to others.
- Kairos- the opportune time, Hope and vulnerability as strength
- Keeping the faith amidst crisis and struggles in life
- Keeping the faith in spite the odds
- Keeping the Faith
- Keeping the faith; everything that happens under the heavens has a reason and if we put everything in God's hands it'll work for our good
- Positive attitude towards any situation in life

- That every bad thing that happened, there is always a better one to arrive
- That in everything we do we have to lean, trust and put our confidence to God
- The importance of faith in God
- The importance of morals, values and faith
- The value of working in the office with God as the center of all in your work and in between your co-worker.
- Thinking positively and embracing change
- Waiting is a virtue
- We need to evaluate our moral state and give importance to it.

How will your learning impact your work as Depled employee?

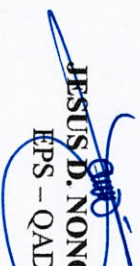

- A great help for me as an employee.
- Be enthusiastic in performing our job/ responsibilities.
- Be positive and optimistic especially in a world where challenges just popped like mushrooms-the demands on office works.
- By being reminded of those things, I would be more understanding and calm when struggles would come my way at work knowing that God's got my back always.
- By sharing what I learned.
- Do not be afraid to explore and experience new challenges it makes us wiser.
- Doing our job in accordance with what God wants us to do and rightfully.
- Good relationship among co-workers and being responsible as God's disciple.
- I will be more self-aware and remind myself its importance while working.
- I will look at every day at work positively and will be kinder to others since we don't know what each of us is going through.
- Impacted me in the sense that I will be able to respond appropriately in dealing with different people.
- Inspire me to do my job/work in general.
- It helped me realize that I am gifted to give - I could contribute to the attainment of the goals of my organization because I have potentials to serve.
- It's that we all need to clean ourselves up after experiences especially now a days.
- Just be positive and continue doing the tasks.
- Keeping our faith in God and so we can work effectively and efficiently.
- This will make me stronger and will make me look at work and life positively.
- This would allow me to believe in HIM that things can be done with His guidance and wisdom.
- To be resilient and stay focused.

- To become a better employee, colleague and friend.
- Working with courage and setting goals with God's intervention.
