SUSTAINING THE IMPLEMENTATION OF CONTINUOUS IMPROVEMENT (CI)
PROGRAM IN CARAGA REGION

1. Continuous Improvement (CI) as a method to continually assess, analyze, and act on the performance improvement of key processes and service delivery have contributed to the attainment of targets and goals of the schools and Schools Division Offices (SDOs) in the past years.
2. Schools have become more focused in addressing the identified gaps by crafting and developing CI projects. Several schools with CI projects have drawn positive impact in solving the problems as reflected in their School Improvement Plans. Thus, CI efforts must be sustained and in fact, it is among the sought strategies in meeting the targets reflected in the Regional Education Development Plan (REDP).
3. The Regional Education Development Plan (REDP) has articulated gaps in **literacy and numeracy**; hence, beginning CY 2023, the field is hereby encouraged to craft and design projects focused on these areas. Increasing the literacy and numeracy rate among our learners through CI will slowly but surely address the **"learning poverty"**.
4. For clarifications and questions, please refer to Alejandro P. Macadatar, EPS, FTAD through 09066994033 or email at ftad_caraga@deped.gov.ph.
