Dear Vice President and Secretary Duterte,

The Philippine Association of the Professional Regulatory Board Members, Inc. (PAPRB), in cooperation with the Professional Regulation Commission (PRC), will hold its **12th PHILIPPINE PROFESSIONAL SUMMIT (PPS12)** with the theme: **"The Filipino Glocal Professionals: Riding through the Crest of Change,"** through hybrid modality on October 17-18, 2023 from 8:00 a.m. to 5:00 p.m., at The Manila Hotel, Manila.

This year's theme is extra significant due to the convergence of historical milestone celebrations. The PAPRB will be celebrating its 75th Diamond Jubilee, and the PRC will be celebrating its 50th Founding Anniversary. Both institutions have been riding through many crests of changes and challenges to ensure the competitiveness of Filipino professionals. As they found their way above and through it, the professionals under their care, today and tomorrow, must also boldly face and ride through the changes and challenges in the years to come.

In this connection, we would like to request your wholehearted support and active participation in this event as delegate on official business. The Summit registration fee for the two-day event is as follows:

12TH PHILIPPINE PROFESSIONAL SUMMIT

THE FILIPINO GLOBAL PROFESSIONALS
RIDING THROUGH THE CREST OF CHANGE

October 17-18, 2023

8:00AM

Hybrid Modality

Fiesta Pavilion The Manila Hotel, Philippines

BACKGROUND

In 2012, the state mandated professional competitiveness and professional qualifications standards through E.O. No. 83, s. 2012 or the Philippine Qualifications Framework (PQF). In 2018, PQF was institutionalized by R.A. No. 10958 or the "Philippine Qualifications Framework Act." Further, in 2016, R.A. No. 10912 or the "Continuing Professional Development (CPD) Act" lapsed into law. CPD is also a requirement in most of the Professional Regulatory Laws of the regulated profession.

Since then, the enhancement of professional competitiveness was slowed down by various serious challenges such as, those in the political, economic, socio-cultural, technological, environmental and legal, and specifically climaxed by the pandemic.

We are in a pivotal shift from the pre-pandemic to the post-pandemic era. Professionals face challenges from various sources as the professional landscape constantly changes. The "glocal" concept is becoming more relevant in today's increasingly interconnected, integrated, and complex global and local perspectives in all fields of human endeavor. The fast-paced and constantly evolving nature of the global economy means that advancements in one part of the region impact economies and societies in other parts. A deep understanding of global trends and local contexts for professionals to stay relevant, competitive, effective, and successful brings us to the concept of "glocalization." It shows us how local and global forces are shaping professional work and creating new opportunities for professionals.

This year, we are holding the PPS12 with the theme: "THE FILIPINO GLOCAL PROFESSIONALS RIDING THROUGH THE CREST OF CHANGE." We will bring together professionals from various disciplines, sectors, and backgrounds and to discuss and share insights on the latest global trends about the concept of glocalization. Examining this concept will give participants a deeper understanding of how they can adapt to their industry's changing needs while remaining true to their local context. We will also examine the recognition and value of cultural differences and the development of necessary skills and competencies as mandated by national policies. We will look at how the Philippine professional qualifications will be referenced for recognition with international qualifications standards, trends, and best practices.

This year's theme is even more timely, relevant, and significant due to the convergence of historical milestone celebrations as the Philippine Association of the Professional Regulatory Board Members, Inc. (PAPRB) will be celebrating its 75th Diamond Jubilee and the Professional Regulation Commission (PRC) will be celebrating its 50th Founding Anniversary. Both institutions have been riding through many crests of changes and challenges to ensure the competitiveness of Filipino professionals. As they found their way above and through it, the professionals under their care, today and tomorrow, must also boldly face and ride through the changes and challenges in the years to come.

OBJECTIVES

1. Examine the progress of compliance with national policies mandating the national qualifications standards of professionals to ensure their competitiveness.
2. Discuss the issue and importance of diversity, equity, and inclusion in the workplace and the role of glocal professionals in creating a more inclusive work environment.
3. Examine the socio-economic ills that cause the Philippine environmental poverty.
4. Evaluate and share professionals and experts' experiences, perspectives, and insights on the concept of glocalization, their ability to navigate and adapt this new landscape, the impact of technological advances and key drivers of change on global economy.

PRIMARY GOAL

To inspire and motivate participants to appreciate the changing professional landscape, embrace change and take advantage of its opportunities.

OUTCOMES

At the end of the Summit, the participants should be able to:

1. Apply shown commitment to lifelong learning and continuous professional development towards achieving career progression and specialization or professional qualifications for international referencing and recognition.
2. Appreciate deeper the importance of diversity, equity, and inclusion in the workplace and the role of glocal professionals in creating a more inclusive work environment.
3. Develop action-oriented approaches in solving concerns for the environment and for environmental poverty alleviation.
4. Adopt the concept of glocalization and their impact on the competitiveness of professionals, recognize opportunities and challenges, manage change and respond to new situations, such as technological advances and leveraging technology to stay ahead of the competition.
