TECHNICAL EDUCATION

FROM : 
GINA O. GONONG
Undersecretary 

SUBJECT : **SELECTION OF ALS TEACHER-PARTICIPANTS FOR THE**
PILOT TESTING OF THE ICT PROFILING SURVEY
QUESTIONNAIRE

DATE : March 25, 2024

The Bureau of Alternative Education (BAE) Policy and Quality Assurance Division – Research and Development (PQAD-R&D) Team will be conducting a research study titled **“Information and Communications Technology (ICT) Competencies of Alternative Learning System (ALS) Teachers in the Philippines.”**

The primary objective of the study is to profile all ALS Teachers in the Philippines in terms of their competencies and application of ICT knowledge and technology operations in their classes and work-related tasks. In addition, the study also aims to profile the ALS Teachers’ ICT needs as possible recommendations for capability building and policy formulation.

The PQAD-R&D Team initiated the development of a research instrument for this study in August 2023. The survey questionnaire underwent three (3) phases of validation (*Phase 1: Expert Validation, Phase 2: Internal Review, and Final Validation*) with select DepEd field officials. A pilot test is necessary to complete the questionnaire’s development process to: (1) ensure the clarity, relevance, length, and format of the survey questions; (2) assess the response rate and quality of data to be collected; and (3) determine the challenges and issues during the actual survey administration.

To facilitate this pilot test effectively, the PQAD-R&D Team requires the participation of **51 respondents composed of three (3) ALS Teachers from each region**. These participants will be chosen based on their availability and convenience.

In this regard, the Regional ALS Focal Persons, in coordination with the Division ALS Focal Persons, are requested to identify and submit the names of the ALS Teacher participants using the template provided in *Attachment No. 1*. This will be uploaded to this link: <https://tinyurl.com/Pilot-Test-ICT-Survey-ALS> on or before **April 8**,
