Dr. Evelyn R. Fetalvero, CESO IV
Regional Director
Department of Education
Caraga Region

Thru:

Joel B. Rosales- Chief ASD
Marcilino M. Ahon Jr.- IT Officer

Dear **Dr. Fetalvero**,

Greetings from Informatics!

As we all know, the global pandemic has brought challenges to the education sector. As schools and universities struggle to find the right solutions that will overcome this crisis, Informatics Philippines as an education solutions provider, introduces a sustainable and innovative solution that can benefit the learning community of the **Caraga Region** specifically parents, students, the faculty and school administrators.

Informatics has been appointed by a North American education company, D2L, as its reseller in the Philippines. D2L is a multi-awarded 20-year global educational software company that offers a robust and innovative learning management system used by universities, K-12 schools and top companies.

Informatics would like to offer the Deped **Caraga Region** the learning management system of D2L called *Brightspace LMS*. It will basically automate learning and make it easy for teachers, students and parents to teach, learn and monitor learning and overcome the current difficulties they are experiencing in home schooling. This will effectively supplement the gadgets you have distributed to school children and augment the learning modules that Deped has prescribed as a learning alternative to face-to-face teaching.

D2L's innovative *Brightspace LMS* is a cloud-based software used by millions of students for online and blended learning. The *Departments of Education of New York, Iowa, West Virginia, Ontario and Calgary, Singapore Management University, Deakin University, Victoria University, Purdue University* have been using Brightspace as their central learning management system (LMS).

In the Philippines, *DLSU-College of St. Benilde, Univ. of San Jose Recoletos, Taguig City Deped, Informatics* and a dozen more schools have been using Brightspace.

Recently, D2L and Brightspace has been awarded the 2020 SIIA Global CODiE Award for Best Professional Learning Solution for Faculty & Administrative Staff and Best K-12 Learning Management System. The annual SIIA CODiE Awards recognizes the companies producing the most innovative business & education technology products around the world.

Unlike other LMS's in the market, *Brightspace* gives you the following benefits:

- Worry-free technology. Brightspace makes it easy for you to teach the way you want to teach. It has easy to use drag-and-drop content builder for teachers. Brightspace was built by experts in education for educators.
- Provide the highest quality learning platform with robust options for feedback, tools to inspire, engage, and enhance collaboration. We have experts on-hand to help you enhance your courses and programs.
- Provide more efficient, timely, and meaningful grading and feedback. You can quickly assess your learners' work and provide feedback across all courses from Brightspace's centralized assessment hub.
- World-class security, privacy and reliability. D2L is the only leading learning platform that is ISO27001- and ISO27018-certified. Brightspace is a rock-solid and reliable learning platform. Brightspace guarantees and delivers 99.9% uptime.
- Includes an ePortfolio for students, learning repository of teachers, video recorder, virtual classroom, eTextbook, parent's portal and mobile apps, plus teachers training to administer the site.
- Can run in any device – desktop, laptop, tablet and mobile phones, and can be deployed by the school in just a few weeks.

We would like to set a meeting (via zoom) with you to present the benefits and features of *Brightspace* LMS at your most convenient time. My contact details are below.

We are looking forward to be of service to the **Caraga Region**.

Sincerely,

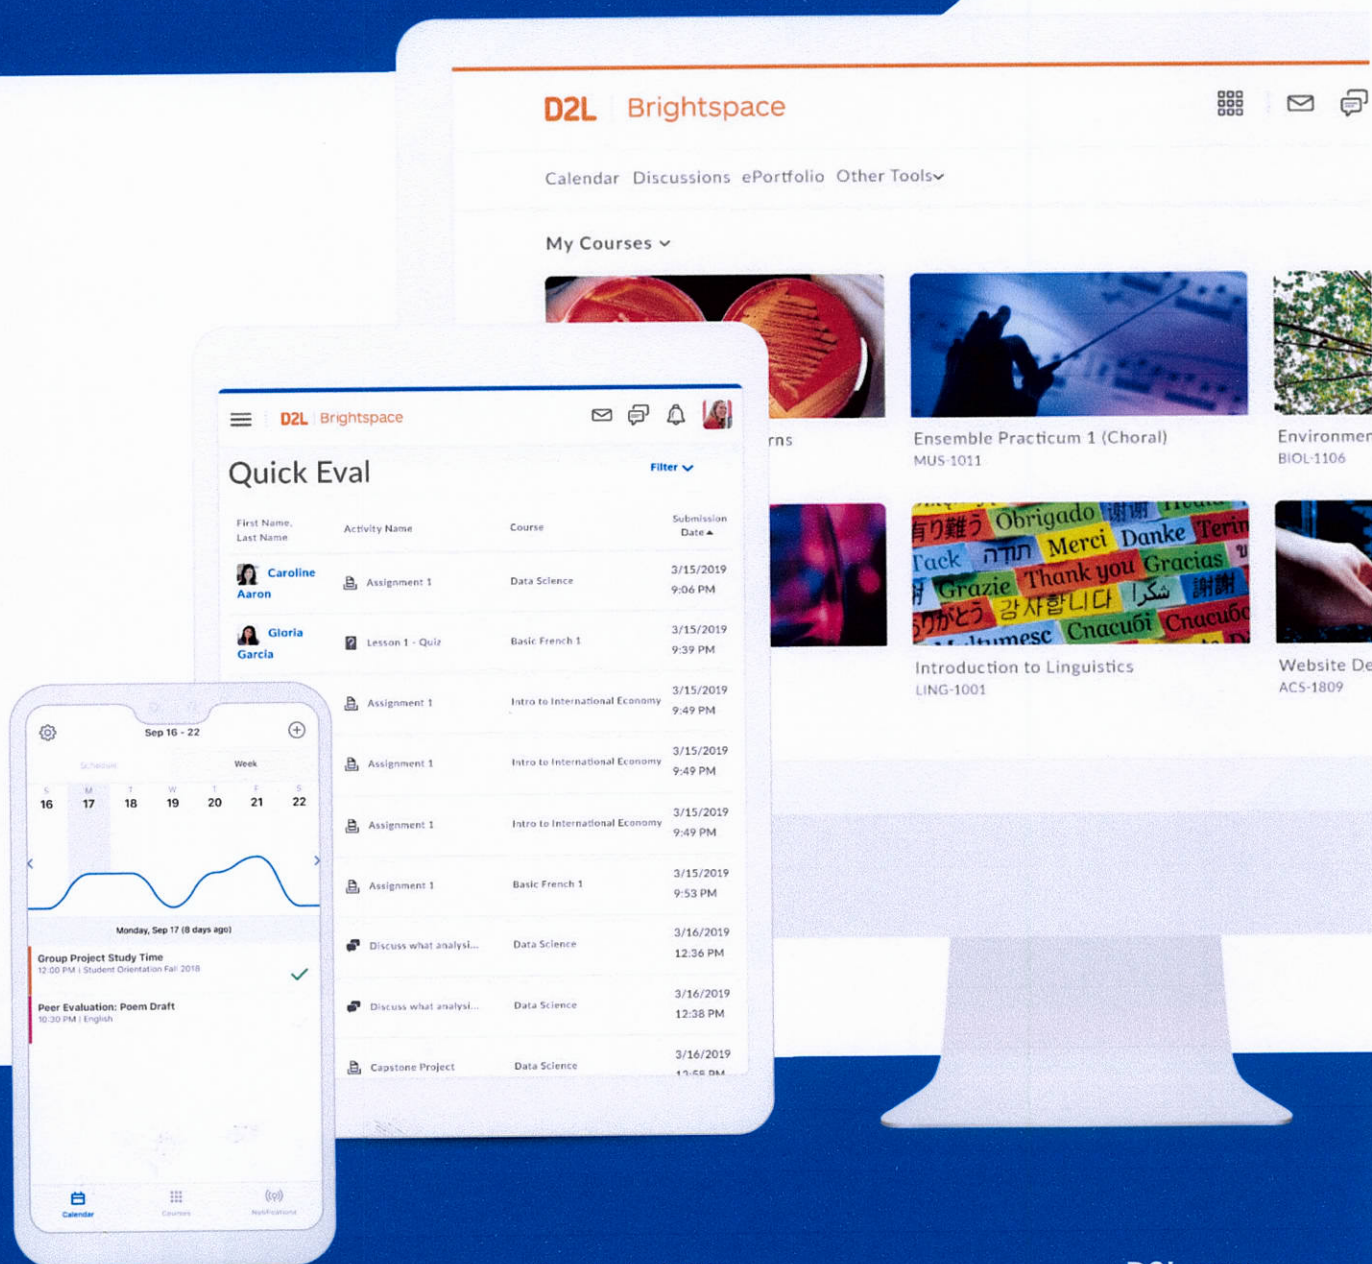

Jocerimay B. Enaya, MBA
Regional Business Development Manager

Why our Customers love Brightspace?

WORRY-FREE TECHNOLOGY, LEARN ON ANY DEVICE

Brightspace is the only leading learning management platform designed from the ground up for mobile. Integrating apps and responsive design to work on any device, the platform is optimised to stay on track while on the go.

PUTTING THE STUDENT FIRST BY PERSONALISING THE EXPERIENCE

Set up individualised learning paths for each of your students quickly and easily. Give personalised feedback to keep students on track with automated nudges or set up rules to manage enrollments for things like study groups.

MORE PARTNER, LESS VENDOR

Our team will help you optimise Brightspace to address your strategic and tactical needs even long after the initial implementation. Every monthly product update includes ideas directly from our customers.

FACULTY TOOLS THAT ENHANCE TEACHING SUCCESS

Your academic tasks now simplified. You need to only drag-and-drop content for courses, grade and annotate on assignments in a single hub, and release new content automatically according to student performances.

IMPROVED OUTCOMES WITH ENGAGING COURSES

Quickly see early indicators of learner engagement through our dashboard to easily identify students who need help and intervene early. Deliver the right content, provide feedback and questions at the right time, and give them helpful nudges to inspire them.
