Dear Ma'am:

Scientific Greetings!

The Association of Science and Mathematics Educators of Philippine Private Schools is on its 11th year of partnership with the Department of Education in developing knowledge and skills by conducting friendly competitions among science and math enthusiasts. The Pandemic did not stop us in making impact through non stop learning by providing online activities to support DepEd goals, projects and programs. Thus, the 2nd season of Online activities will again be conducted for School Year 2021-2022 thru the GAS CLOUD Learning Management System and Google Meet.

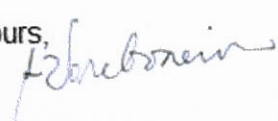

The theme of ASMEPPS Year 2 Contest is "**ASMEPPS: Championing the Challenges of the New Normal Through Science and Technology**" patterned from the S&T theme of our partner agency, the DOST STI.

In this regard, may we request endorsement of the regional contests to public and private schools in Region XIII.

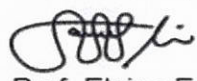

Attached are the mechanics and guidelines of the competition.

Thank you very much for your usual support.

Respectfully yours,

Sonia B. Breboneria
