DOST – Innovation and Technopreneurship Hub (ITeCH)

October 17, 2019

my 2-8207

DR. FRANCIS CESAR B. BRINGAS
 Regional Director
 Department of Education-Caraga Regional Office
 Butuan City

Dear Dr. Bringas:

Greetings!

Navigatú is a Technology Business Incubator (TBI) of Caraga State University (CSU) funded by DOST-PCIEERD through Innovation and Technopreneurship Hub (ITeCH) Project that aims to promote and establish technology-based startups by young entrepreneurs in the university and in the Caraga Region. Navigatú intends to strengthen the startup ecosystem by conducting a series of lectures on entrepreneurship with speakers from business and government partners. This is to encourage, inspire, and develop the startup incubates to be part of the startup community and to create a startup ecosystem in the region; solving real problems in the community and industry.

The initiative of Navigatu contributes to the newly passed law, **RA 11337** or the **Innovative Startup Act** which will provide support to innovative and tech startups, which pertains to a business that provides unique and relevant solutions to pressing problems, such as transportation, financing, agriculture, and healthcare. This law will enable the growth of startups through financial subsidies and grants, easier business registration procedures and technical assistance and training programs.

On November 18-22, 2019 the Department of Science and Technology, the Department of Trade and Industry, and the Department of Information and Communications Technology, together with various community enablers, have come together to conduct the first **Philippine Startup Week**. The whole Technology Business Incubators in the Philippines is required to conduct a community event in their respective locations. Thus, Navigatu will be conducting a one-day **Startup Wharf: Ideation and Pitching** this **November 19, 2019**, at **Navigatu Office, Mechatronics Building, Caraga State University, Ampayon, Butuan City**. The participation from different colleges and other secondary schools within the city are much encouraged.

In line with this, we would like to seek an endorsement to allow us to invite **three (3) students** as representatives from each high school in the region. Attached is the approved letter request and the mechanics for the said event.

We would greatly appreciate it if HEIs can **confirm their acceptance of this invitation on or before November 8, 2019** to Ms. Louise Joy A. Tabada through her mobile number 09362166287 or through email 091tabada@gmail.com.

Looking forward to your favorable response. Thank you and God bless us all!

Respectfully yours,

ENGR. JEFFREY T. DELLOSA
 Project Leader, ITeCH

DR. ANTHONY M. PENASO
 University President

STARTUP WHARF: IDEATION AND PITCHING MECHANICS

Ideation and Pitching

The Ideation and Pitching is one-day event that will commence on November 19, 2019 from 8:00am at 2nd Floor Mechatronics Building, Caraga State University, Ampayon, Butuan City.

The ideation and pitching aims to encourage and inspire anyone to ideate, create and innovate relevant products, services or technology that is potentially viable business ventures. The initiative is to create a start-up ecosystem in the region; solving real-life problems in the community and industry.

Submission of Entries

Submission of entries will be open until November 8, 2019. Applications must be through <https://bit.ly/2qjdePb>.

Team Composition/Qualification

- i. The team shall be coming from one school /college and should register to <https://bit.ly/2qjdePb>.
- ii. A team shall be comprised of three (3) members, regardless of the team member composition. The team can be all male, all female or mixed.

Rules and Intellectual Property Rights

All entries shall be subjected to the Intellectual Property (IP) Policy of the Navigatú-Caraga State University (CSU), as the organizer of this event.

Using Navigatú's IP Policy as reference, the teams shall remain the creators or inventors of the work they produce and shall enjoy all the benefits as creators/inventors of the creation/invention based on the IP Policy and other relevant laws of the land. However, Navigatú shall be the "assignee" of the creation/invention.

All persons involved in the competition, team members and panel of judges shall sign a non-disclosure statement as attached to the registration sheet at the venue to ensure that there will be no prejudicial disclosure of the intellectual property yet to be filed for protection after the competition.

By participating, the schools, universities, HEIs, together with their creators/inventors, unreservedly accept all the rules and mechanics of this competition.
