13 September 2019

DIR. FRANCIS CESAR B. BRINGAS, CESO V

Regional Director
CARAGA Regional Office
Department of Education
Butuan City

Dear Dir. Bringas,

Greetings of peace!

The AIM-Team Energy Center for Bridging Leadership (AIMTEC) is one of the premier research centers of the Asian Institute of Management (AIM). For the past 15 years, using the bridging leadership (BL) framework, we have developed leaders in both government and non-government organizations whose leadership commitment is centered in addressing and diminishing inequities in their respective governance sectors.

As part of AIMTEC's continuing effort to develop it as both a leadership practice and theory, **we are conducting a study that aims to develop a composite index or scale of bridging leadership.** It is an instrument that would measure bridging leadership competencies. Currently, we are conducting piloting the instrument across the country in cooperation with several government agencies.

In this regard, we are most respectfully requesting your good office to allow us to conduct pilot testing on **September 26** among the 43 DepEd-CARAGA officials who participated in the BL Workshop held here in AIM last 2017. The BL Workshop for CARAGA was made possible through the efforts of former DepEd Undersecretary Lorna Dig-Dino, who is also a Fellow of our Center. Specifically, **we would also like to request your good office to help us gather the concerned individuals whose names are reflected in the list attached.** Also, we request for the provision and use of a venue in the regional office where we can hold the activity. The activity

will take approximately 3 to 4 hours which includes a short refresher session on Bridging Leadership.

Your affirmative response to this request will surely contribute to our mission of bridging societal divides.

Thank you and more power.

Very Sincerely Yours,

JUNICA PIMENTEL SORIANO, EnP
