1. The Curriculum and Learning Management Division (CLMD) through the Learning Resource Management Section (LRMS) in collaboration with the Information and Communications and Technology Unit (ICTU) is currently developing the Caraga Learning Resource Registry System (LRRS).
2. The LRRS is a competency-based registry to systematically determine and address the needs or gap between the current conditions and desired conditions for our learners in terms of learning resources.
3. In view of this, the schools are requested to gather the necessary data for the LRRS in preparation for the encoding in the system using the template which can be downloaded through this link: https://bit.ly/CaragaLRRS_Data_Template. The launching of the LRRS is targeted sometime in the 2nd quarter of this year.
