 - enable teachers to effectively assign assessments and monitor student progress through data analytics for improved teaching effectiveness,
 - demonstrate how the platform supports growth mindset and mastery-based learning approaches consistent with ARAL Program goals,
 - facilitate successful onboarding of students onto the platform for enhanced mathematics learning,
 - prepare Science teachers for ARAL-Science implementation beginning SY 2026-2027 through early platform familiarization, and
 - support ALS teachers in delivering integrated mathematics instruction within alternative learning contexts using digital platforms.

3. Enclosed is the teacher allocation list by SDO by school by learning area/program (Math, Science, ALS). School Heads and the learning area supervisors shall ensure that slots allocated per school and SDO are fully maximized.

4. A total of 439 Grades 3 to 12 teachers will participate, consisting of:
