1. The disruption brought about by the COVID-19 pandemic is heavily felt not just in navigating education practices and learning delivery, but more so with the financial capabilities of families as economic instability is taking a toll in most countries. It is imperative that students as well as parents, teachers and administrators, are equipped with knowledge and skills towards financial literacy. The government strongly supports the promotion of financial literacy through the enactment of Republic Act No. 10679 known as the **Youth Entrepreneurship Act**. Furthermore, DepEd Order No. 022, s. 2021 titled Financial Education Policy emphasized that financial education is vital in developing financially literate citizenry, in empowering them to make wise financial decisions, in taking advantage of economic opportunities, and in achieving financial health.
2. The Department of Education (DepEd), through the Bureau of Curriculum Development (BCD), in partnership with BDO Foundation Inc. and Huawei Technologies Phils. Inc., announces the conduct of the **Search for the Best Integration of Financial Literacy Key Concepts in Science and Mathematics (FLICSM) Through Self-Learning Modules**.
3. The Search for the Best Integration of Financial Literacy Key Concepts in Science and Mathematics through Self-Learning Modules (FLICSM) is an SLM-writing competition for teachers on developing creative and innovative self-learning modules (SLMs) that best integrate financial literacy concepts in Science and Mathematics.
4. This aims to promote understanding of learners on financial literacy concepts using the SLMs developed by teacher-writers. The integration of financial literacy will enable learners to better understand the importance of life skills such as budgeting, saving, investing, among others, through the connections of learning content and its real-life applications established in the lessons. In addition, the competition intends to foster competence, creativity, collaboration, and flexibility among teachers in developing lessons in Science and Mathematics. Winning entries will also add to the quality assured learning materials of the Department that teachers may use in the future.

5. The competition is open to all public and private elementary and junior high school (JHS) Science and Math teachers and will consist of four categories: SLMs in Mathematics for Elementary, SLMs in Mathematics for JHSs, SLMs for Science in Elementary, and SLMs for Science in JHS.

6. The SLMs must be aligned with the most essential learning competencies (MELCs) in Science or Mathematics of the K to 12 Curriculum. The coverage of the lessons will be anywhere from first to fourth quarter of Grade 4 to Grade 6 for elementary and Grade 7 to Grade 10 for JHS.

7. Each region shall endorse, at most, two official entries for each category. Entries for the elementary level may come from any of the grade levels from Grades 4 to 6, while entries for the JHS may be from any of the levels from Grade 7 to 10.

8. Winners for each category will receive certificates of recognition and cash prizes as indicated below. Non-winning entries shall receive a consolation prize. All participants will receive a Certificate of Participation.

Category Prizes	Prizes for each category
SLMs in Mathematics for Elementary	1st-P50,000.00
SLMs in Mathematics for Junior High School	2nd-P35,000.00
SLMs in Science for Elementary	3rd-P20,000.00
SLMs in Science for Junior High School	Consolation Prize-P3,500.00

9. All entries must be received not later than **January 31, 2022** at the National Level. Entries received after the deadline will no longer be evaluated. The dates for the various activities for the competition are indicated below.

Date	Activity
November 29, 2021	Call for National Entries
January 15, 2022	Deadline of Submission of Entries at the Regional Level
January 31, 2022	Deadline of Submission of Entries at the National Level
February 7–April 8, 2022	Judging of Entries
April 18–22, 2022	Deliberation of Winners
April 29, 2022	Awarding of Winners
