SUBJECT : **QUALIFIED APPLICANTS FOR DOST-SEI SCHOLARSHIP PROGRAMS (BATCH 6)**

DATE : 30 November 2023

The Department of Science and Technology – Science Education Institute (DOST-SEI) has been providing graduate scholarship programs for master's and doctorate degrees in science and mathematics education. Two of these are the **Capacity Building Program in Science and Mathematics Education (CBPSME)** and the **Science and Technology Regional Alliance of Universities for Inclusive National Development (STRAND)**.

The CBPSME aims to improve the quality of education and accelerate the development of critical mass of experts in science and mathematics education. On the other hand, the STRAND aims to reach out to and support the higher education institutions in the provinces that need to be strengthened in terms of developing human resource capabilities in science and technology.

On 12 July 2018, DepEd signed a Memorandum of Understanding (MOU) with DOST to enable its teaching and non-teaching personnel who intend to avail of the DOST-SEI scholarship programs.

Furthermore, the NEAP Scholarship Secretariat evaluated the documents of the applicants initially screened by the sponsoring agency based on DepEd Order No. 68, s. 2009 titled *Scholarship and Training Grant/Fellowship Pool*, which states that potential scholars must be in service for at least five years with at least very satisfactory performance for the last two years.
