WEBINAR ON THE DEVELOPMENT OF SUPPLEMENTARY
LEARNING MATERIALS FOR EARLY LANGUAGE
LITERACY AND NUMERACY (ELLN)

1. In line with the advocacy for reading and by pledging commitment to make every learner a reader at his/her grade level, the Department of Education (DepEd), Region Caraga is strengthening its reading program through the implementation of the Early Language, Literacy, and Numeracy Program.
2. The Program will develop in Filipino children literacy and numeracy skills and attitudes which will contribute to lifelong learning. More specifically, it aims to improve reading and numeracy skills of Kinder to Grade 3 pupils, following K to 12 Basic Education Curriculum, and to establish a sustainable and cost-effective professional development system for teachers.
3. However, such initiatives are still not enough to address the promising issues and concerns, challenges, gaps and problems meet. Before pandemic, it was already noted that there was a low achievement levels in English, Math and Science in terms of learners' reading comprehension. This time of pandemic, the number of struggling learners in reading increased and the reading engagement with the teachers decreased. The use of limited manipulative learning materials was also hindered since face to face is not allowed.
4. To address this gap and to give time for teachers to develop more supplementary learning materials to improve reading and numeracy skill of learners, a five (5) day webinar will be conducted on **July 22-23, 26-28, 2021** via **MS Teams**.
5. The activity aims to :
 - a. equip the participants with the knowledge and be guided with the instructional development design and assessment in literacy and numeracy;
 - b. re-orient with the basic BLR Technical Standards, Social Content and Intellectual Property Rights in crafting a supplementary learning materials;
