Dear Director Asuncion:

Warmest greetings from Resources for the Blind, Inc. (RBI)!

RBI is a non-government organization serving the visually impaired in the country through various programs and services. One of these is the computer training for students in high school, college and those newly blinded adults. We have been doing this in partnership with DICT in other regions. It aims to equip learners with visual impairment with the knowledge in navigating the computer using the screen reader that would help them in their studies and work.

This year, RBI in partnership with the Overbrook-Nippon Network on Educational Technology (ON-NET), Department of Information and Communications Technology and LGU Butuan through the City Education Development Department of the City Library of Butuan will be holding a two-week computer training entitled: **"Computer-Eyes Training"** on February 10 – 21, 2025 at the City Library of Butuan, J. Rosales Ave., Butuan City. In view of this, we are inviting selected learners enrolled in schools to participate the said training. RBI will provide food for the duration of the training and accommodation for those participants from nearby provinces. Attached is the list of participants.

Thank you for partnering with us in our endeavour to help persons with visual impairment have access to the services that they rightfully deserve.

Sincerely yours,

GINA S. PANULDE
Branch Director
